LOREM IPSUM

LYNN CARPENTER
ADMINISTRATION

What Does Lima Memorial Mean to You?

To think about what Lima Memorial means to me is quite overwhelming and hard to put into words. It's more about the feelings I have -- A sense of pride to serve such an amazing organization. A sense of loyalty to an organization that has given me opportunities to grow and serve. A sense of trust for a health system that I rely on to care for my family and friends. A sense of purpose as Lima Memorial has given me the opportunity to pursue my passions. A sense of humility to know that our community relies on us for exceptional care. A sense of belonging to an organization that has become an extension of my family. Lima Memorial is simply a part of who I am. I proudly listed again for an organization that cares deeply about its people, our patients, their families and our community.

Comments from Mike Swick, President and CEO

Lynn is one of the most committed associates we have at Lima Memorial Health System. Her energy and positive get-it-done approach are amazing. Lynn is always willing to go the extra mile to get any issue resolved. She is truly our number one ambassador both internally and also externally in the community. Lynn's commitment to Lima Memorial is the standard everyone should aspire to meet. She always has a positive approach to any opportunity Lynn has taken the Lima Memorial Foundation to levels that none would have been imagined five years ago. She has developed a great team that supports her approach to always doing what is right. We are thrilled to have Lynn as part of our team for the last 25 years. Thank you, Lynn, for all you have done to make LIMH what it has become today.
